

# Directions:

- You can play this like the Secret Square game.
- Laminate all items and cut out.
- Place the pictures on a table or tape to a door or wall.
- Choose a character and hide it under one of the pictures.
- The one who hid the picture gives clues to identify the hiding spot.
- Ex. It is under something that grows.
- Try to give 2-3 clues before the others can guess its hiding spot.

I have mine taped to the outside of my door and place the characters under the pictures when we are not playing the game. Kids that pass my door can look for the fairy, gnome, leprechaun and goblin.

Can you find the  
Fairies, Gnomes, Goblins and Leprechauns?
